

The easiest online platform
made for food creators.

Join the Cookin platform to launch, manage and grow your food business, and simplify the online ordering process for you and your customers.

Included Benefits

TOOLS:

Dedicated Website:

A dedicated website where customers can place orders for your food products.

Business Manager App:

Set shifts, create menu items, and control your inventory with one tool. Get notifications and manage your orders from the palm of your hand.

SERVICES:

Delivery: Delivery capabilities so that customers can order your food from the comfort of their home.

Pickup: No delivery fees will be charged for pickup orders and 100% of your tips go straight to you.

Payments: Payment support so that you don't have to collect cash from customers for your orders.

Customer Support: Customer support so that you can focus on cooking and do not have to spend time engaging in back and forth conversations with customers on each order.

Preferred Packaging Rates: Get preferred rates on the most commonly used food packaging in the market.

Pricing

FOR US:

\$34.99 /^{USD}_{mo}

- 5% Service Fee based on the basket size of each order
- 3rd Party Delivery Fee: \$6.99USD*

FOR CANADA:

\$34.99 /^{CAD}_{mo}

- 5% Service Fee based on the basket size of each order
- 3rd Party Delivery Fee: \$8.99CAD*

***3rd Party Delivery fee:** You decide what to charge the customer and if you want to subsidize this cost at all for each order. If you decide to subsidize and charge the customer less than the total cost, the subsidy amount will be deducted from your earnings statement on a per order basis each week.
